INTRODUCTION FROM THE CHAIR

MAG needs you!

There are two very important reasons why MAG needs you and they are both very straightforward.

First and foremost: strength in numbers. When dealing with politicians and ministers it helps sway opinion if MAG can demonstrate that it is representing the views of many thousands of riders.

Secondly: funding. Yes, it's that dirty word: money. As a representative of your club I'm sure you are well aware that despite the best efforts of volunteers you cannot do anything without funds and MAG is no different. We know your membership income is valuable to you so if you choose to affiliate we will be prudent in how we spend it. MAG runs a very lean outfit, outsourcing our staffing requirements to give us the best value for money. We have access to two full-time office staff to manage membership services and the day-to-day running of the organisation, plus two campaigns and lobbying officers, currently Lembit Öpik, and Colin Brown.

A former Lib Dem MP, Lembit is MAG's Director of Communications & Public Affairs and has a passion for 1970's bikes. He's a libertarian and a great believer in freedom of choice. His time as an MP means he can walk into the House of Commons whenever he wants – he literally opens doors for MAG!

MAG's Director of Campaigns & Political Engagement is Colin Brown. Colin is a lifelong rider and has many years of experience as a volunteer, including campaign-building and working to develop relationships with political figures.

Without the support of clubs such as yours, plus MAG's individual members, this level of professional representation simply would not be possible. MAG also relies on a huge number of volunteers, many of whom help run the various parties, rallies, bikes nights and other events that help raise funds too. Your members are welcome at these events, with some providing special deals for affiliated clubs.

MAG represents over 50,000 motorcyclists through individual and affiliated club memberships. MAG is the UK's premier riders' group and represents Britain's one million motorcyclists on a wide range of issues that affect all aspects of motorcycling. MAG has a nationwide network of local groups who organise regular local meetings, political lobbying, demonstrations, social events and charitable functions.

By joining MAG, your club becomes a part of the great international motorcycling community that is fighting hard to preserve the rights and freedoms enjoyed by us all, and to stop the unwanted and unwarranted interference of politicians and bureaucrats in our way of life.

I can be contacted by email at chair@mag-uk.org. You are also welcome to contact our Central Office, where one of our dedicated members of staff will be happy to assist.

Ride safe, ride free.

WHY AFFILIATE?

MAG was born out of riders' dissatisfaction with legislation that had a big impact on their lifestyle. The world is a very different place from that day in 1973 but one thing has not changed: there is always someone that wants to do something that impacts on riding on two (or three) wheels.

Road charges - the present day sees the threat of congestion charges and tolls despite motorcycles and scooters being part of the solution rather than the problem. MAG believes there should be no charges for motorcycles and scooters.

Crime - there is a motorcycle crime epidemic sweeping our cities. Gangs are resorting to violence, including throwing acid at riders, to steal their machines. At least one rider has died as a result of such an attack. Some of these bikes subsequently get used for mugging and other crimes. MAG is campaigning for more action to combat this menace.

Licencing – without new riders there is no future for motorcycling so MAG is campaigning for a simplified licencing structure with emphasis on training rather than pointless retesting.

Bikes in Bus Lanes – MAG seeks a consistent approach across the whole country allowing bikes in bus lanes.

Secure Parking – local transport plans are often sadly lacking in provision for motorcycles. MAG seeks to get two-wheelers included in these plans, with particular emphasis on secure parking and a safe environment where new roads do not design in hazards for riders.

Unfair sentencing – so often we see an imbalance between the crime and the penalty: a rider appears to get an inappropriately heavy fine or even a jail sentence and someone who causes the death of a rider gets a relatively light sentence. MAG wants to see fair sentencing for all.

MAG campaigns to protect and promote motorcycling and the interests and rights of all riders, from learner to advanced. We celebrate biking and the freedoms and independence it provides, through our support of parties and rallies, sport and competition, touring and travel.

We are the representative voice of riders in Local and National government and passionately defend all that is good about biking, mobilising riders through a local and regional branch structure.

MAG is not aligned to ANY political party or ideology, and our independence gives us credibility and makes it possible for politicians and officials to work with us knowing that we do not have a party-political agenda.

MAG membership is drawn from across the whole spectrum of motorcycling.

Since our humble beginnings over 40 years ago, we have developed significantly and are well-respected for our responsible, objective, informed contributions which enrich the political debate.

Throughout this evolution MAG has remained faithful to its core principles of freedom of choice and self-determination and the mantra of "Education, not legislation".
